THE NORTHFIELD

EAST NORTHFIELD, MASS.

Open the entire year for the entertainment of persons seeking the rest and quiet of an historic New England village and the helpfulness of the great religious gatherings established by D. L. Moody.

THREE SALIENT ATTRACTIONS

Rest

In a quiet New England town on the banks of the Connecticut River, just where the hills of Massachusetts and the mountains of Vermont and New Hampshire meet,—the kind of place that drives out the memory of sunbaked pavements, the smoke and tainted air of the city,—is situated "The Northfield."

It is unique for "*just simply resting.*"

Recreation

Bright, cheerful companions, tireless and sweeping study of Connecticut Valley landscape, fascinating drives along rolling hillsides, mountain paths to climb, golf, tennis, croquet, boating and swimming, are some of "The Northfield's" contributions toward renewed vigor.

It is superb for "*just simple recreation.*"

Opportunity

Continued series of interdenominational assemblies for students, ministers, Bible teachers, mission, Y. M. C. A. and Sunday School workers, under the direction of Robert E. Speer, John R. Mott, G. Campbell Morgan, and many other eminent men.

They offer "*simply rare opportunity.*"

ANGELUS PIANO PLAYER

WHAT more exquisite enjoyment than the music you can produce from your own piano — if you have an *Angelus*? Ever since 1897 this most remarkable instrument has brought unbounded pleasure to thousands of persons to whom music in the home was a rarity. Now, with the aid of an *Angelus*, you can play on your own piano anything you like — the dear old songs, the popular music of the day or the classical compositions. Any or all of these are within your scope, and you do not need to know one note of music from another, for the *Angelus* reads the notes and strikes the proper keys for you.

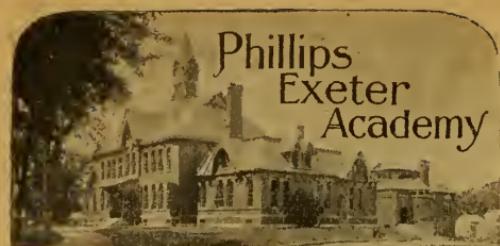

The expression devices are so very ingenious and complete that you can obtain effects equal to the best pianists — the delicate shading, the phrasing, the accenting of notes or chords, the sustaining or emphasizing of the theme or melody while subduing the accompaniment. The sweet-toned reeds in the style 56 are a most delightful feature. With these you can enhance to a marked degree the beauty of many compositions.

We put the question straight to you — Why don't you buy an *Angelus* and make your piano worth something to you as a musical instrument? Price only \$250.00

OUR HANDSOME NEW BOOKLET WILL BE SENT UPON APPLICATION.

J. G. MERRILL, D. D., Pres.

REV. E. C. STICKEL, Treas.

DEPARTMENTS: Theological, College, Music, Scientific, Normal, College Preparatory, English, Practice and Model School.

PUPILS: 517. Graduates, 1903: College, 22; Normal, 10; Music, 1. FACULTY: Professors and Assistant Professors, 8; Instructors, 19; Matrons, 3.

WHERE OUR GRADUATES ARE WORKING

FISK UNIVERSITY sent out its first graduates less than a quarter of a century ago. To-day it numbers among its nearly five hundred alumni more than one hundred school principals or professors in higher institutions of learning, an equal number of other teachers (of whom a majority are in American Missionary Association or the higher grades of public schools), successful doctors, lawyers, merchants, and farmers, as well as ministers; and what is worth more than all, scores of mothers and wives with the high ideals of college and normal training preside over negro homes, and more than fifteen thousand children are taught each year by those who have gained their education at Fisk University. Certainly the work which has already been accomplished justifies the existence of the institution.

THE DEMAND IS NOW IMPERATIVE FOR AN ADEQUATE ENDOWMENT.

BENEVOLENT men and women have bestowed hundreds of millions of dollars for a race with centuries of civilization behind them and the accumulations of a long line of ancestors to provide them an education. The sense of justice will not be met until an institution educating youth less than forty years out of bondage, with no inheritance of money or of intellectual training, be remembered with munificent gifts. Chairs await the names of those who found them, or of some one who has had a part in saving the negro.

DONATIONS, ANNUITIES, BEQUESTS SOLICITED.

\$50 pays an annual scholarship.
\$500 pays an Instructor's salary for a year.
\$1,000 finds an annual scholarship.

\$10,000 founds an Instructorship.
\$28,000 founds a Professorship.
\$300,000 would endow our present teaching force.

The President would be glad to answer any inquiries concerning our work. All checks in favor of the institution should be made out to Treasurer of Fisk University, Nashville, Tenn.

The Congregationalist

AND CHRISTIAN WORLD

The National Congregational Newspaper

It records and interprets the important happenings of the Christian world at large, as well as within the denomination. It secures the news from our own churches through a large staff of able correspondents covering all parts of the country, sifting out the trivial and commonplace, and recording only the interesting and significant. By means of its special enlarged, illustrated, first-of-the-month numbers it supplies its readers with a monthly magazine and weekly newspaper in one, at the price of the weekly alone. It should go into every Congregational family as it already goes into thousands of the most progressive and cultivated households of the denomination. Scores of the ablest men, not only in our denomination, but in the literary world, are regular contributors to its columns.

Dr. Geo. A. Gordon, pastor of the Old South Church, Boston, recently said before a great gathering in Tremont Temple, under the auspices of the Congregational Club:

"In my judgment, and I am not a stockholder or a director in it, The Congregationalist is one of the broadest and best conducted denominational journals in the country. . . . Our denominational paper is less in need of our appreciation and support than we are of a just apprehension of the indispensableness of its services."

The Congregationalist is \$3.00 a year. But in church clubs, under certain conditions, it is obtainable at \$2.00, while those unacquainted with it may read it 12 weeks for only 25 cents.

REV. HORACE BUMSTEAD, D. D., PRESIDENT.

WHOEVER has at heart the education of the millions of Negro children of the South in common English branches or in industrial lines, and wishes to see this work done on the broadest scale, with the greatest efficiency, and in the shortest time, will not neglect to support an institution like Atlanta University, which makes a specialty, both in its Normal and College Departments, of training teachers for the Negro public schools, and, in its Departments of Mechanic Arts and Household Science, of training teachers for the Negro industrial schools.

So great has been the success of Atlanta University in doing this work that its friends are helping it to do better work still. A new building is now being erected on its campus to serve as a practice school in connection with the Normal Department—a gift from the General Education Board of New York, and other friends. But for the permanent success of this work an endowment of at least \$500,000 is needed, of which only one tenth has so far been secured. Bequests in wills should be made to "The Trustees of the Atlanta University" in Atlanta, Georgia, and attested by three witnesses.

THE LATEST AND BEST HYMN BOOK

The Pilgrim Hymnal

Dr. Washington Gladden, who has aided in its preparation and has given careful examination to every page, writes:—

"We are going to have far and away the best book that has ever been printed. I don't think there is anything equal to it."

SOME FEATURES OF THE PILGRIM HYMNAL.

Hymns.—About five hundred and fifty choice hymns,—three times as many as most churches ever use,—including many not found elsewhere; not doctrinal, but devotional and inspiring hymns, expressive of normal rather than morbid or ecstatic Christian sentiment and aspirations.

Music.—The best of the old familiar music endeared by association, supplemented by some that is new and choice. Nothing so difficult as to be beyond the range of ordinary congregations; much that is melodious, expressive, and pleasing while conforming to the standards of educated musical taste.

Readings.—The Responsive Readings, based on the Revised Version, are arranged with much skill and care, and are printed with the portion read by the congregation in bold-faced type.

Typography and Binding.—Printed from new music type, making an unusually handsome and legible page; carefully indexed by hymns, tunes, subjects, authors and composers, etc. Handsomely and strongly bound in cloth, or cloth with leather back. No hymn book has ever been issued that was more attractive from an artistic point of view.

Price.—Notwithstanding the heavy expense involved in its preparation, the price will be less than that on church hymn books generally, namely, 60 cents for cloth and 80 cents for half leather bindings, this including the responsive readings.

Sample Copies.—Upon request any pastor or chorister may receive a returnable sample copy for examination.

The Church Hymnary

is used in more Congregational churches in New England and the Interior than any other modern hymn book. In at least one New England State the number of Congregational churches which have introduced the **Church Hymnary** during the last ten years is greater than the number of introductions secured by all competing books combined.

Samples will be sent to churches considering a change, and special rates for introduction will be quoted on application to the publishers.

A story of Chinese heroism during the Boxer uprising. Books to Rent as Well as to Sell

THE PILGRIM PRESS supplies books both to individuals and to Sunday schools, on an *exchangeable plan* original with themselves.

Books which are in current demand are sold at usual low prices, with the privilege of returning them within 60 days, if in good order, for credit at two-thirds their cost toward other books.

This enables ministers and others to read about three times as many of the important books of the day as the same amount of money would purchase. Many find this a privilege of great value to them, since it enables them to decide *after* reading instead of before whether to add to their library a book the value of which to them is uncertain.

EXCHANGEABLE SUNDAY SCHOOL LIBRARIES

We print a catalogue of 1,500 choice books of approved merit, from which Sunday schools may select 50 volumes at a time and keep them as long as they wish at \$2.50 per month, changing them three or four times a year for others at their option.

This enables a school of small means to read about three times as many books as the same amount would purchase, and avoids the wasteful accumulation of unused books.

No preliminary fee required. Schools pay as they go on receipt of our quarterly bills.

Our exchangeable catalogue gives full particulars. Send for it at once if interested.

NOTES.

"Every church and every minister upon the rolls of the denomination" is entitled to share in the distribution of the YEAR-BOOK. For this very practical purpose, "the rolls of the denomination" must be assumed to be the tables and list of the YEAR-BOOK, and the claim of any church or minister to receive it, errors excepted, does not arise until such church is found in the YEAR-BOOK's tables, or such minister's name is enrolled and printed in its "List of Congregational Ministers," here reported and printed. To purchasers, the price is \$1.00; or, in cloth, \$1.25. Those entitled to receive it who prefer a cloth binding can have it in that form by sending 30 cents to

REV. ASHER ANDERSON,
405 CONGREGATIONAL HOUSE,
BOSTON, MASS.,

to whom all correspondence relating to the YEAR-BOOK should be addressed, not to the Publishing Society. It is not safe or sufficient to say "Congregational House" only, as it has many rooms and occupants.

A pastor, who has resigned his active service, does not lose his claim to the YEAR-BOOK. It is due to "every minister upon the roll." A church is not entitled to two copies, one for itself and one for its minister, as is often assumed; but to its one copy. The roll is new every year, and a minister's name has no place on it simply because it was in the *last* YEAR-BOOK. It is to be reported each year, either by the church he is serving or by the conference or association of which he is a member, and which is responsible to the churches for record and report of his good standing.

A number of copies of the Proceedings of the International Council, Boston, 1898, remain on hand. Price, \$1.00. Add twenty-two cents for postage. Send orders to J. H. Tewksbury, Congregational Sunday School and Publishing Society, Congregational House, Boston.

The following resolution failed to appear in the Minutes of the Council of 1901. See page 43 of the published Minutes of the Council.

"Resolved, That in view of the grave concern regarding the present condition and future interests of the Sunday School work throughout our denomination, the Congregational Sunday School and Publishing Society be requested to furnish a systematic and graded course of study covering the whole range of Sunday School work, and that a committee of seven be appointed by this Council to co-operate with the Society to that end."

I hereby certify that the above resolution was introduced by the business committee and adopted by the Council.

JOEL S. IVES, *Registrar.*

INTRODUCTION.

THE YEAR-BOOK, giving statistics for the year 1903, presents the usual form and contents. No changes have been made except in a return to the old method of tabulating the beneficence of the churches in Massachusetts. Any one interested in the discussion may easily compare the forms as given in 1903 and 1904 respectively. Bold-faced type in Massachusetts tables refers to reports of churches for the previous year. Could not some plan like this be adopted for all the States?

Two items of information will prove interesting: one, the assignment of Alfred Mudge & Son, whose name has been for many years associated with the book; the other, the early completion of the Massachusetts tables. It is very significant that the State having the greatest number of churches should be able to report as early as February 26. The secretary was able to do this, receiving the reports of the churches directly from the clerks. The complaint is general that the clerks of churches persist in delaying their reports. Writes one secretary, "I have written five times for one report."

We record our sincere appreciation of the work done by the State Secretaries. It is hoped that our compilation will not disappoint them. Every correction received has been made to the very moment of going to press. Doubtless errors will appear. They will not, we think, seriously affect the general summaries,

Schedules have been received as follows: Jan. 30, Arkansas; Feb. 1, Nevada; Feb. 5, New Hampshire; Feb. 8, Mississippi; Feb. 13, Montana; Feb. 15, Cuba, West Virginia, Georgia (Conference); Feb. 17, Oregon; Feb. 19, Ohio; Feb. 23, Maine; Feb. 26, Massachusetts; Feb. 27, Minnesota; March 1, Rhode Island; March 2, Alabama (Association), Michigan, New Mexico; March 5, Missouri, Nebraska, Alabama (Conference), Wyoming; March 7, Arizona; March 8, California (Northern); March 11, District of Columbia, Maryland, Virginia, New Jersey; March 12, Connecticut; March 14, Iowa, Tennessee, Wisconsin; March 15, Indiana, Vermont; March 16, Kentucky; March 17, Florida; March 18, Pennsylvania; March 19, Kansas, North Carolina; March 21, New York, North Dakota, Washington; March 24, Georgia (Convention); March 26, Illinois; March 28, Idaho, South Dakota, Utah; March 29, Indian Territory; March 30, Oklahoma; April 2, Texas; April 4, Colorado, Louisiana; April 5, California (Southern); April 7, South Carolina.

Our plan for filing "biographies to date" meets with general approval. Several hundred have been received. This method secures accuracy in the earlier data, and avoids not a little trouble. We trust the record will increase.

We trust our churches will consult the advertisements and mention the YEAR-BOOK when ordering goods.

The editor makes an earnest request to friends and to the secretaries of the State bodies for prompt information of the death of Congregational ministers, and for full and exact information on the model of the sketches above given. Obituary and eulogy beyond simple facts it is impossible to use here. Clergymen are requested to send to the editor for blanks which they may fill and return to be put on file. Accurate biographies will be thus secured.

OBJECTS.

To maintain, in the city of Boston, a CONGREGATIONAL HOUSE; to care for and perpetuate a library of books, pamphlets, and manuscripts, and a collection of portraits and relics of the past; and to do whatever else — within the limits of its charter — shall serve to illustrate Congregational History and promote the general interests of the Congregational churches.

FINANCIAL.

During the year, the debt on the Congregational House has been reduced by \$10,000, bringing it down to \$181,000. The chief source of reduction, as usual, has been the net income from rentals; but \$2,000 came from a legacy. It is a matter for wonder that our Association is almost always left out of the scope of testamentary bequests. Surely, there could not be a more stable and permanent investment, or one that should more commend itself to those who have the best interests of Congregationalism at heart, than a legacy whose income would be a perpetual endowment for each and all of our missionary societies. This income would much exceed the simple interest on the amount bequeathed, owing to the peculiar relation of the Association to the societies; a matter so often misunderstood that it needs to be often explained.

The interest on the present debt, being at the rate of four per cent, requires an outlay of about \$7,000 a year. Under our arrangement with the societies, the net income from rentals is applied as follows: \$5,000 is first paid each year on the mortgage; the remainder is divided into two equal parts, one of which is paid back to the societies in rebate of their rentals, while the other half still further reduces the mortgage. As the present surplus is about \$11,000 a year, the societies receive about \$3,000.

Now, suppose that a number of bequests amounting to \$175,000 were distributed among the different benevolent enterprises that centre in the Congregational House. The total result, at four per cent interest, would be an annual gift of \$7,000 to these causes.

Suppose, on the other hand, that this \$175,000 was devoted to wiping out the debt on the House. The present surplus of \$11,000 would be increased by the interest on the mortgage, namely, \$7,000, and the whole \$18,000 would be available for the missionary work of our churches; \$18,000 annually, instead of \$7,000. It is clear, then, that the same amount of money, whether bequeathed or given directly, will go much further for Congregational work when invested in the Congregational House; not to urge the greater security of the investment.

THE LIBRARY.

This is a great and growing institution, which reported at its fiftieth anniversary, last May, something over 50,000 books and 50,000 pamphlets. It greatly needs a larger endowment to secure the rare memorials of our fathers which are fast becoming inaccessible; it needs, also, the free gift of all historical matter pertaining to the life of our local churches.

THE AMERICAN BOARD OF COMMISSIONERS FOR FOREIGN MISSIONS.

Vice-President.—HENRY HOPKINS, D. D., Williamstown, Mass.

Corresponding Secretaries.—JUDSON SMITH, D. D., JAMES L. BARTON, D. D.

Treasurer.—FRANK H. WIGGIN.

Editorial Secretary.—ELNATHAN E. STRONG, D. D.

Post Office address of the above, Congregational House, Boston, Mass.

District Secretaries.—CHARLES C. CREEGAN, D. D., Congregational Rooms, 4th Ave. and 22d St., New York City; Rev. A. N. HITCHCOCK, PH. D., 153 La Salle St., Chicago, Ill.; Rev. H. MELVILLE TENNEY, Y. M. C. A. Building, San Francisco, Cal.

Prudential Committee.—G. HENRY WHITCOMB, J. M. W. HALL, CHARLES A. HOPKINS, WILLIAM H. DAVIS, D. D., SAMUEL C. DARLING, EDWARD C. MOORE, D. D., EDWARD WIITIN, FRANCIS E. CLARK, D. D., FRANCIS O. WINSLOW, ARTHUR L. GILLETT, D., and the President and Vice President *ex-officiis*.

Organized in 1810, the American Board has during its long life sent out 2,407 missionaries, of whom 725 were ordained. At present it has in its twenty mission fields 544 laborers, which is a number less by 13 than ten years ago. This does not indicate a lessening of the work done, for during this decade the number of native agents, including pastors, preachers, teachers, and Bible readers, has grown from 2,741 to 3,919. The churches have increased by 91 and the communicants by over 18,000. The present number of pupils under instruction is over 66,000.

The opportunities for advanced work, both in new fields and in those already entered, have never been brighter than at present. Our missionaries were never received with greater favor and the Spirit of God has blessed their labors in an unwonted degree.

In the five great departments of missions,—evangelistic, educational, medical, literary, and industrial,—work is being prosecuted with marked success. The native churches are moving forward toward self-support, and Christian leaders are coming forward in the lands recently in darkness. It is in the line of raising up these native pastors and teachers and leaders in every department that the efforts of missionaries from America are now largely directed. No less than forty missionaries of the Board are physicians, who while ministering to the bodies of men are specially favored in opportunities to proclaim the gospel of God's grace.

The receipts of the Board during the past year amounted to \$740,777.17. This annual income is not sufficient to maintain the work of the Board even on its present scale. For the present imperative needs and for a slight enlargement where the calls are most pressing, an additional \$100,000 should be expended annually. But the Board can give only what it receives. In the name of the Master, it asks for larger means that the gospel of his grace may be preached widely and effectively.

THREE DEPARTMENTS.

THEOLOGICAL SEMINARIES, COLLEGES, AND ACADEMIES.

Theological Seminaries. *Chicago Theological Seminary, Chicago, Ill.*

Chicago Seminary has a large Foreign Department in which instruction is given to Swedes, Danes, and Norwegians, who go out to form Congregational churches among their own people. There are sections in the West solidly foreign. While the children of these new comers eagerly learn the English language, their parents will probably be satisfied to speak their mother tongue. The graduates from Chicago are able to preach in both English and the mother tongue.

COLLEGES.

ROLLINS, Winter Park, Fla.

KINGFISHER, Kingfisher, Okl.

FAIRMOUNT, Wichita, Kans.

FRENCH-AMERICAN, Springfield, Mass.

REDFIELD, Redfield S. Dakota.

These colleges are situated at strategic centers in four States. Higher institutions of learning must be placed among rapidly increasing populations in the newer States, in order that materialism may be held in check and young people be guided into the pursuit of the highest ideals in civic and religious life. The importance of the college appears in the following considerations:

During the last ten centuries Christian universities and colleges have trained the great leaders in human progress. There was never a time in the history of our nation when wise, far-seeing and unselfish leaders were more needed than now. The problems and perplexities of our national progress will increase rather than diminish, due to the large influx of foreign population.

Educated Christianity is the hope of the world, and the reign of Christ over human thought must result mainly from Christian institutions.

The Christian church is dependent upon the Christian college for its ministers.

The Christian college supplies missionaries for the foreign field, over 230 from Western colleges alone having received appointment from the American Board; also home missionaries for Western and Southern fields; also teachers for the great work in the South.

ACADEMIES.

Twenty academies receive financial aid.

Several other academies, closely allied, indorsed and helped.

GORDON, Utah.	WOODCOCK, Washington.
PROCTOR, Utah.	PUGET SOUND, Washington.
FRANKLIN, Nebraska.	WARD, South Dakota.
CHADRON, Nebraska.	WEISER, Idaho.
WEEPING WATER, Nebraska.	WINDOM, Minnesota.
GATES, Nebraska.	NORTH WISCONSIN, Wisconsin.
EUREKA, Kansas.	ENDEAVOR, Wisconsin.
KIDDER, Missouri.	SOUTHERN COLLEGIATE, Illinois.
IBERIA, Missouri.	NORTHWESTERN, Oklahoma.
ROGERS Arkansas.	WILTON COLLEGIATE INSTITUTE, Iowa.

Many States in the West and South make no provision in their statutes for high schools in the rural districts, so that there are large sections of our country, embracing in some localities several counties with thousands of settlers widely distributed, without any save low-grade schools. Thus there is especially a need of educational centers in regions where opinions hostile to a pure Christianity prevail.

Our Christian academies prepare teachers for public schools and young people for college, and afford liberal culture to many others who go forth as Christians to be the seed and strength of home missionary churches.

MISSION SCHOOLS.

BOUNTIFUL, Utah.	LEHI, Utah.
COALVILLE, Utah.	VERNAL, Utah.

HEBER, Utah.

GORDON and PROCTOR elsewhere given as academies.

REASONS.—Mormonism is increasingly powerful and aggressive. Its missionaries are active in this country and abroad. There are nine Mormon conferences on the Atlantic coast from Maine to Virginia. The leaders have a distinct political aim to gain control of Congress in order to further the interest of their church and gain larger liberty for their irreligious practices. Mormon church influences increasingly control the public schools.

SAN RAFAEL, New Mexico.	ATRISCO, New Mexico.
BARELAS, New Mexico.	CUBERO, New Mexico.
SAN MATEO, New Mexico.	SEBOYETA, New Mexico.

a Two hundred thousand Mexicans, poor, ignorant, and superstitious, make appeal for Christian light.

b The poverty, prejudice, and backward condition of the people are a strange anachronism in the midst of our American life.

c The hopelessness of uplifting homes and of establishing churches save through the children and their schools.

STUDENT AID.

Money to the amount of \$50 per annum is loaned or granted to meritorious and needy young men studying for the Christian ministry. A competent committee at seminaries and colleges examines each applicant and gives estimate of his worth. One hundred and seventy men are being aided this year.

The HOME MISSIONARY, a magazine published by the Society since 1828, is now issued monthly at fifty cents a year, including postage. It gives a running account of the progress of the work in all parts of the country, largely from the pens of

the superintendents and missionaries personally engaged in it. In CONGREGATIONAL WORK, the monthly organ of the Six Congregational Societies, the pages allotted to Home Missions keep their readers in constant touch with the workers in all parts of the wide field, and present the freshest intelligence therefrom. The price is only ten cents a year. An ANNUAL REPORT sums up the results of each year. Leaflets and Tracts for the times are published as occasion calls and funds allow, designed to help pastors, Sunday-school officers, and friends of home missions generally, in awakening and keeping alive an intelligent, practical, growing interest in the work. These may be had, free of charge, at any time, by addressing the officers of the Society at its rooms, Fourth Avenue and 22d Street, New York.

For seventy-eight years the Society has been organizing churches in the West and South, and aiding in the support of their ministers till those churches are able to assume the whole expense. Its missionaries have from the first organized Sunday schools, provided proper teachers for them, and by watchful oversight have secured their permanence and growth into churches.

In connection with the labor of its missionaries, 6,852 churches (*a*) have been organized and 3,193 have come to self-support. It has collected and disbursed in cash \$21,367,466; and in clothing, books, and other supplies, largely the offerings of Christian women, \$2,595,068; in all, \$23,962,534. The additions to the churches have been 507,072.

The number of missionaries employed in its seventy-seventh year (1902-1903) was 1,907; 1,331 of them in States and Territories west and south of the Middle States. They preached regularly in 2,573 stations, and at frequent intervals in many hundreds more. The number of Sunday-school and Bible-class scholars was 141,269. The additions to the churches were 8,250; 5,026 of them on confession of Christ. Churches organized, 95; reached self-support, 57.

The seventy-seventh year's receipts were, in cash, \$560,517.30; in supplies, \$40,025.33; in all, \$600,542.63.

In 1883, a Woman's Department was opened. Its object is to interest the women of our churches all over the country, and through them the children, more directly in the work; not to the diminishing of their helpful labor in the way of of home missionary boxes (of clothing, etc.), but to secure also their gifts of money for the support of missionaries all over the country, and for various special uses, as called for from time to time. Their aid in this line is steadily growing, but much more is needed.

The Society is doing much more work than ever before among the foreign-born in all parts of the country. At nearly every meeting the Executive Committee is urged, too often in vain for lack of means, to appoint chosen men for new fields at the front, where they are greatly needed, but where their support involves heavy outlay by the Society. For securing the means essential to the carrying on of this great work the Society depends, under God, on the zealous co-operation of the pastors and members of the Congregational churches of the land. At least \$100,000 more than last year's receipts are required to carry on this work, besides an equal advance to meet indebtedness for work already done.!!

FIELD

Extends from the Atlantic to the Pacific, and from Porto Rico to Alaska. It includes, in the South, the Negroes and the Whites, especially those in the mountains; in the West the Indians; on the Pacific Coast the Chinese and Japanese; in Alaska the Eskimos; and in Porto Rico those of different races. Through its pupils it is reaching into Africa, China, Japan, Mexico, and Cuba.

PURPOSE AND METHOD.

The American Missionary Association is training a leadership from among these different races. This involves an

INDUSTRIAL LEADERSHIP.

To accomplish this the Association introduced, years ago, industrial training. Nearly every school furnishes this department of instruction. An Industrial Leadership is thus trained from among these people. It is not simply to instruct the few in handicraft, or to teach them a trade, but to give to the many, competent instructors of their own race, who shall lead them into better industrial activity and prepare them for economic development.

AN INTELLECTUAL LEADERSHIP

For these races is equally essential. This is also provided by the A. M. A. Normal institutes and academies, in which the best methods of modern teaching are pursued, are planted among these peoples, and hundreds of teachers are trained for the public schools. This training of teachers is of supreme importance in the elevation of these races.

Intellectual Leadership is also furnished through the colleges and higher institutions. No race can be lifted up by means of industrial training alone. The larger development of intellectual life is essential to secure to any race influence and power. This the Association recognizes and provides for.

THE MORAL AND RELIGIOUS LEADERSHIP

Of these peoples is also provided. Departments of biblical and theological instruction, in which ministers and missionaries are trained from these races for their own people, are provided by the Association. Character building is necessary. Religious life must be stimulated. High ethical and moral standards must be established. These great necessities can be met only by a well-trained moral and religious leadership from among these peoples whose high character shall appeal to that which is best in the race and furnish an object lesson.

Among the many different races reached by the work of the Association, a leadership is being trained from the people who represent these conditions of preparation and character.

EDUCATIONAL WORK

Includes universities, colleges, academies, normal schools, industrial schools and departments, and primary schools. Among its institutions are the following : Fisk University, Nashville, Tenn.; Straight University, Louisiana; Talladega College, Alabama; Tougaloo University, Mississippi; Tillotson College, Texas; Piedmont College, Georgia; Avery Institute, South Carolina; Le Moyne Institute, Tennessee; Ballard Normal School, Georgia. Mountain schools: Williamsburg Academy, Kentucky; Grand View Academy, Tennessee; Saluda Seminary, North Carolina; Green Academy, Alabama. Indian schools: Santee Normal and Training School, Nebraska. Ninety-three other Normal, Industrial, Graded, and Primary schools.

CHURCH WORK

Is a missionary service almost entirely among the very poor. In the Indian fields it is having wonderful growth. In the Chinese fields, many pagans have come

into the Christian life. In the Southern mountains a number of churches have been added and the interest of the people in the Congregational church life is being developed. In the Southern lowlands, also, there is a remarkable movement among the people towards free and pure churches.

MAGAZINE.

The American Missionary is published monthly, except July and August. New form, fresh material, and generous illustrations characterize it for 1904. Pastors of contributing churches, Superintendents of Sabbath schools, College and Theological Libraries, and Societies of Inquiry on Missions will receive the *Missionary* upon application if so desired. Subscription is fifty cents per year.

FORM OF A BEQUEST.

I bequeath to my executor (or executors) the sum of _____ dollars, in trust, to pay the same, in _____ days after my decease, to the person who, when the same is payable, shall act as Treasurer of "The American Missionary Association," New York City, to be applied under the direction of the Executive Committee of that Association to its charitable uses and purposes.

Forward. — This seems the only fitting word for the work and workmen in care of this Society. The more than four and a half million dollars gathered for church and parsonage building in a half century have been a large factor in the 200 per cent increase in our denomination in that time. The present demands of the work call for the \$400,000 a year which the National Council's Committee named as needed for this work. Last year the Society helped to build two and a half churches and one parsonage each week — 131 churches and 52 parsonages. But it cannot keep up with the demand. The urgent needs of the work call for a contribution from every Congregational Church and church member this year, and twice as much as last year.

The income for 1903 is as follows:

Received from individuals and 3,026 churches.....	\$90,093 19
from legacies	22,350 83
for particular churches, specially designated.....	903 93

THE MISSIONARY DEPARTMENT

Sustains Sunday-school missionaries; furnishes Sunday-school helps, libraries, and other literature to new and needy Sunday schools, either gratuitously or at reduced cost. Contributions are used only for missionary work.

Employs over 60 superintendents and missionaries, who organized the last year 517 and reorganized 221 Sunday schools in needy places, donated \$8,276 worth of literature mainly to these and other schools which could not supply themselves. Fifty-one Congregational churches developed during the year from Sunday schools planted by this Society.

The cry of those at the front is for expansion in the number of missionaries and in the extent of the field. The cry of the rear-guard is for enlargement in the supplies for the Treasury. More speed means more steam. More men means more money.

HISTORY OF THE NATIONAL COUNCIL FUND.

The first reference to this was in the Council at Detroit in 1877. In answer to an overture from the Ohio Conference, it was recommended, "That each State have an organization," and "That a committee be appointed to issue a circular," and to report to the next Triennial Council. Its admirable report was presented at St. Louis in 1880, referred to the publishing committee, and the resolutions commended to the churches.

At Concord, N. H., in 1883, memorials were received from the General Association of Illinois and the Chicago Seminary Alumni Association, asking for a ministerial relief organization of national scope. These memorials were referred to a committee to report at the next Council. Its report was presented at Chicago, in 1886. At the same Council announcement was made of a legacy of \$10,000 for ministerial relief from Mrs. Helen C. Knowles, of Worcester, Mass. The committee's report and the matter of the legacy were referred to a special committee, whose report resulted in the inauguration of the National movement. Every Council since has given special attention to this subject.

The last council in Portland, Maine, particularly emphasized the increasing importance of this work, declaring that "no backward step should be taken. We would rather urge a forward movement, looking to greater efficiency and wider usefulness."

The National Fund, since its incipiency in 1887, has aided 162 beneficiaries, of whom 78 are still on the roll, to the amount of \$51,824.40. The Fund, December 31, 1903, was about \$135,000. The receipts for 1903 were \$20,533.43. During the same year \$8,780 were granted to beneficiaries, and \$7,506.67 were permanently invested.

In addition to the admirable work being done in several of the States for the aged and infirm ministers within those States, this national work of ministering to our needy ministers broken by age and ill health, in all parts of the United States, deserves the constantly increasing generosity of pastors and churches and laymen throughout the whole country.

THE THEOLOGICAL SEMINARIES.

ATLANTA THEOLOGICAL SEMINARY, ATLANTA, GA.

Opened October, 1901.

FACULTY.

J. EDWARD KIRBYE, *President*, and Professor Church History.

SAMUEL W. HOWLAND, A. M., D. D., Professor New Testament Greek, and Systematic Theology.

EDWARD A. BERRY, D. D., Secretary and Professor Pastoral Theology.

FRANK E. JENKINS, D. D., Lecturer on Polity.

ALMON T. CLARKE, B. D., Dean of Correspondence Department.

JOHN F. BLACKBURN, Librarian.

The Seminary aims, (1) to develop the experimental side of the religious life, and thus produce an evangelistic and spiritual ministry; (2) to give the student an insight into modern methods of interpretation, but so as to produce a constructive scholarship; (3) to find God and the Holy Spirit in history and the Church; to see Christ in the lowliest forms of philanthropic endeavor; and thus preach a Gospel for the whole life. The Seminary aims to enable the student to have definite convictions and yet a mind open to the advances of scholarship.

The courses of instruction are arranged to meet the needs of the Southern field. The Classical theological Course embraces three years of study. At its completion, the degree of B. D. is given. Candidates entering upon this Course must have a College Course or its equivalent. The English theological Course is designed to meet the needs of a great many pastors who are desirous of entering upon a course of study, but who are too advanced in age to take the regular college preparatory requirements. In such cases the course embraces three years of study beside the regular English preparatory studies. The third course is the Correspondence. It is designed to meet the needs of pastors who have never had school privileges, and who are so situated that they cannot leave their work to attend the Seminary for a regular course. In such cases the books are sent to the student, lessons are assigned and examinations are given. During each year the student is supposed to attend the Seminary for one month during a course of lectures that embrace Bible study, Sunday School methods, Christian Endeavor organization, and the Church as a social and religious factor.

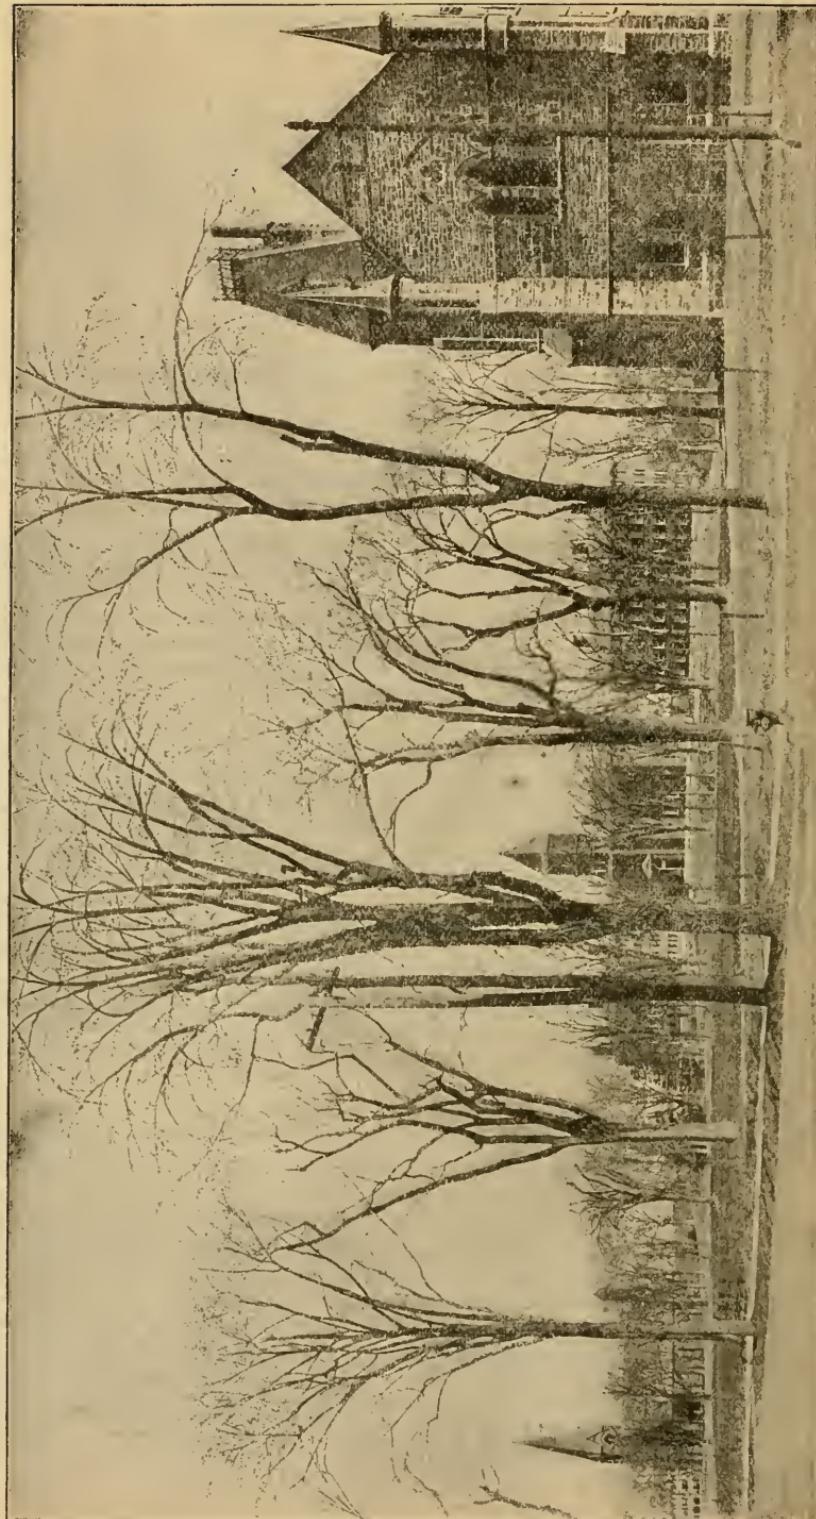

The Seminary cannot offer the apparatus of the larger seminaries, but can say that it will do its best for the intellectual and spiritual life of every student.

TERMS OF ADMISSION. Candidates for admission must be members of some evangelical church. Courses are opened to students of either sex.

EXPENSES. No charge is made for tuition or room rent. Board can be obtained for \$2.50 per week. A limited amount of student aid is given to worthy men. All worthy young men can find employment in the city that will enable them to completely pay all expenses. The Seminary aids the young men, as soon as they are able, to secure preaching places, of which there are many near the city. Practical work in connection with the prosecution of studies is urged. Preaching and Social Settlement work will enable the student to get a clear idea of some of the phases of work which are to be his. Thus we will give to the churches men with a practical as well as a theoretical knowledge.

CALENDAR.—The next seminary year begins on Wednesday, Sept. 21, 1904, and ends June 8, 1905, with a recess from Dec. 21 to Jan. 4.

ADMISSION.—Students are admitted upon presentation of certificates of membership in some Christian Church, and of graduation at a college or university, with personal testimonials from former instructors or pastors. Applicants who are not graduates are sometimes received as special students; but only after meritorious work and examination can qualify for the full course.

COURSE OF STUDY.—The aim of the course is to prepare men thoroughly for the practical work of the ministry. The fundamental studies in the Old and New Testaments, the History of the Church, the System of Christian Truth, and the Work of the Preacher and Pastor, are prescribed; numerous elective courses enable students to pursue some of these subjects farther, or to take up others subsidiary to the main topics of instruction. The Hyde and Southworth Lectures provide expert instruction in missions and polity. To give students an actual acquaintance with the work of their calling and some experience in it, they are, as far as possible, associated individually with the pastors of churches in Boston and vicinity, whom they assist in various ways and from whom they receive personal counsel and guidance.

DEGREE.—The degree of Bachelor of Divinity is conferred upon students who satisfactorily complete the three years' course of study; it is ordinarily required that the recipient hold a college degree.

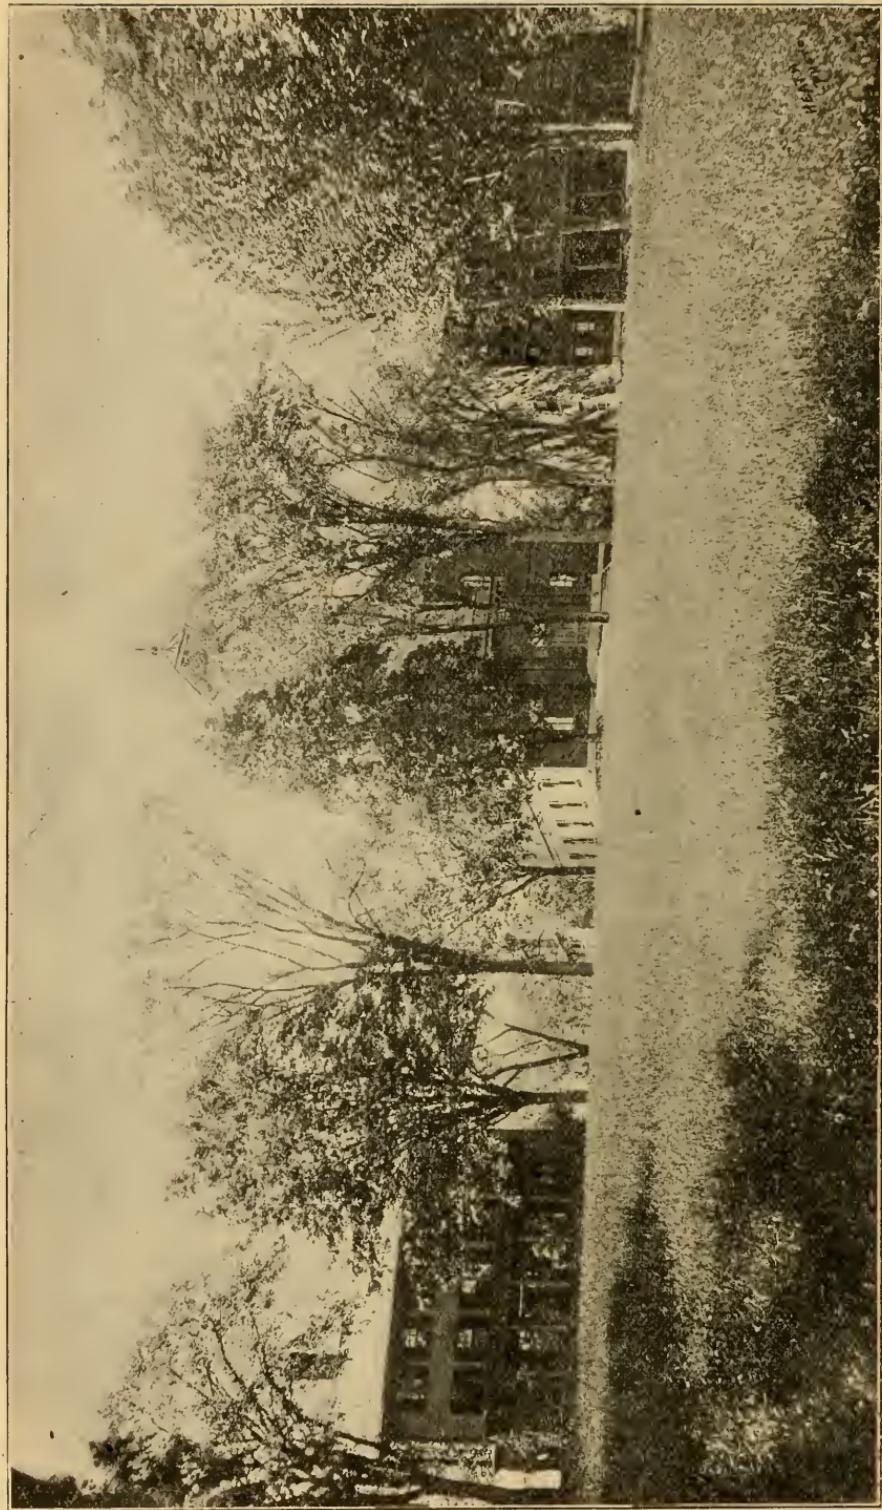

GRADUATE STUDENTS.—Graduates in Theology pursue advanced studies and researches under the personal direction of the professors, and are admitted to such courses of lectures as they may elect.

LIBRARY AND MUSEUM.—The library contains over 55,000 volumes. A reading-room with a large and carefully-selected reference library is accessible to students at all hours. The museum contains an extensive collection made by Dr. Selah Merrill, illustrating especially the fauna of Palestine and the life of its people.

LOCATION.—Andover is twenty-three miles from Boston, and is reached by the Western Division of the Boston and Maine Railroad in thirty-five to forty minutes.

BANGOR SEMINARY is open to Christians of every denomination. In harmony with its origin and history, its sole purpose is to train men to become preachers, pastors, and teachers. Everything bends to this one aim. Besides the usual advantages of a Divinity School, in adapting itself to the varying condition of its environment and its men, it has come to be marked by certain distinguishing features.

While it makes provision for the best equipped college men by maintaining the high standards of instruction which characterize modern education, yet, by not necessarily requiring for admission either a college diploma or acquaintance with any foreign tongue, it opens a door to many who have had only limited educational opportunities, or who are belated in beginning ministerial preparation, but who prove earnest and successful students, and become able and fruitful ministers.

On the Bond Foundation, and by other provision, it does certain work in the natural sciences and in other supplemental directions. By these means the students are brought close to nature and to real life.

By intimate friendly relations of teachers and pupils, by free class-room methods, and by constant supervision of individual student research, it seeks to retain the merit of the old-time system of private instruction and example in ministerial preparation, together with the thorough scientific temper which characterizes the intellectual work of to-day.

Special attention is called to the instruction here provided in Biblical Study from the point of view of Comparative Literature; in New Testament Greek; in General History, the Philosophy of History, and Comparative Religion, in connection with Church History; in Psychology and Ethics; and in English Literature.

EXPENSES AND AID.—There is no charge for tuition, rooms, furniture, library, gymnasium, or any privilege of the Seminary. The rooms of the dormitory are partly furnished. Board is about three dollars per week. The income of the Washburn and other funds amounts to about half the cost of board, and is available for those whose circumstances require it. From a fund small loans are made for temporary convenience of students. The extremely low cost of living at this Seminary brings the advantages here offered within the reach of those whose resources are the smallest, without loss of self-respect.

FIELD SCHOLARSHIPS.—Three Field scholarships are offered, one of \$50, to aid any student who remains to take a fourth year after graduating, and two of \$100 each at Bowdoin College, to assist students who, having graduated at the Seminary, are admitted to the College for further study.

PREACHING.—Students are allowed to exercise their gifts in holding meetings and in preaching, under the express approbation of the Faculty, it being provided that the prescribed exercises of the Seminary are not neglected. Facilities for such service are afforded in the missionary fields within reach of the Seminary.

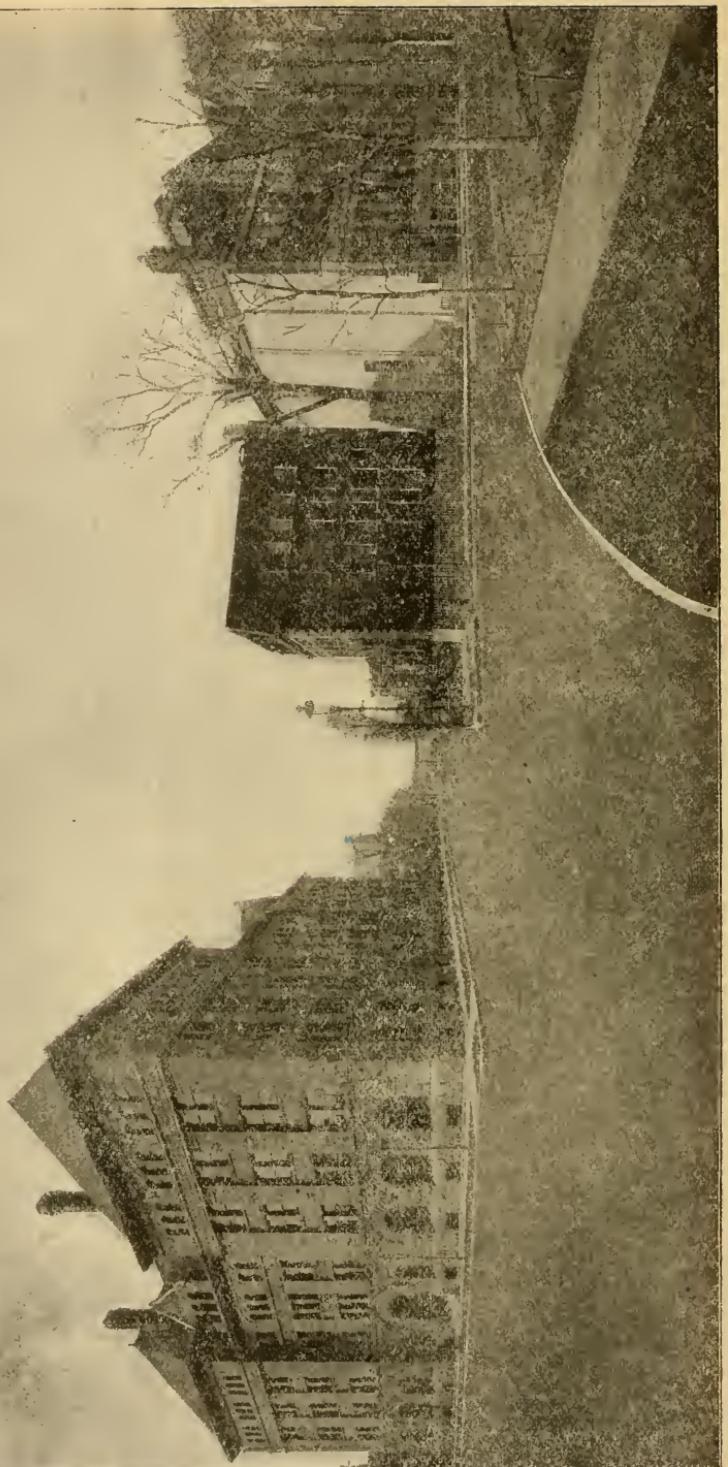

LIBRARY.—The library contains more than twenty-four thousand three hundred volumes.

GYMNASIUM.—The gymnasium is provided with suitable apparatus, and special instruction is given four days in the week.

Anniversary occurs Wednesday, June 1, 1904. The next seminary year opens Thursday, Sept. 22, 1904.

Requests for catalogues, letters of inquiry, or applications for admission should be addressed to the Corresponding Secretary, PROFESSOR C. A. BECKWITH.

ADMISSION.—The Seminary is open to students of all denominations. Candidates for admission must have received a collegiate education, or an equivalent preparation.

TERMS AND VACATIONS.—The academic year begins the last Wednesday in September and closes the second Thursday in May. The various courses are arranged in three terms with examinations at the end of each. There is a recess of two weeks at Christmas.

SITUATION.—The Seminary Buildings front Union Park. The location is quiet, but the centre of the city may be reached in ten minutes.

COURSE OF STUDY.—The Course of Study covers three years; the lectures are prescribed and elective. Each student is required to take fourteen lecture hours a week, ten prescribed and four elective. All graduates receive a diploma; special work is required for the degree of Bachelor of Divinity. The degree of PH. D. is also given in graduate work.

THE GERMAN AND THE SCANDINAVIAN INSTITUTES.—Students in these departments take part of the Course in the English language, according to their grade of preparation, that they may be able to preach also in English. They are, however, excused from most English studies, in place of which they have such studies in their own native languages as are best adapted to prepare them to minister to our German or Scandinavian fellow-citizens.

HAMMOND LIBRARY.—This contains the GENERAL and the REFERENCE LIBRARY with over 20,000 volumes, which is arranged in six rooms according to subjects. These sub-departments are furnished with the best helps for students, and are open daily. The students have easy access, also, to the public libraries of Chicago, which are among the best endowed and equipped in the country.

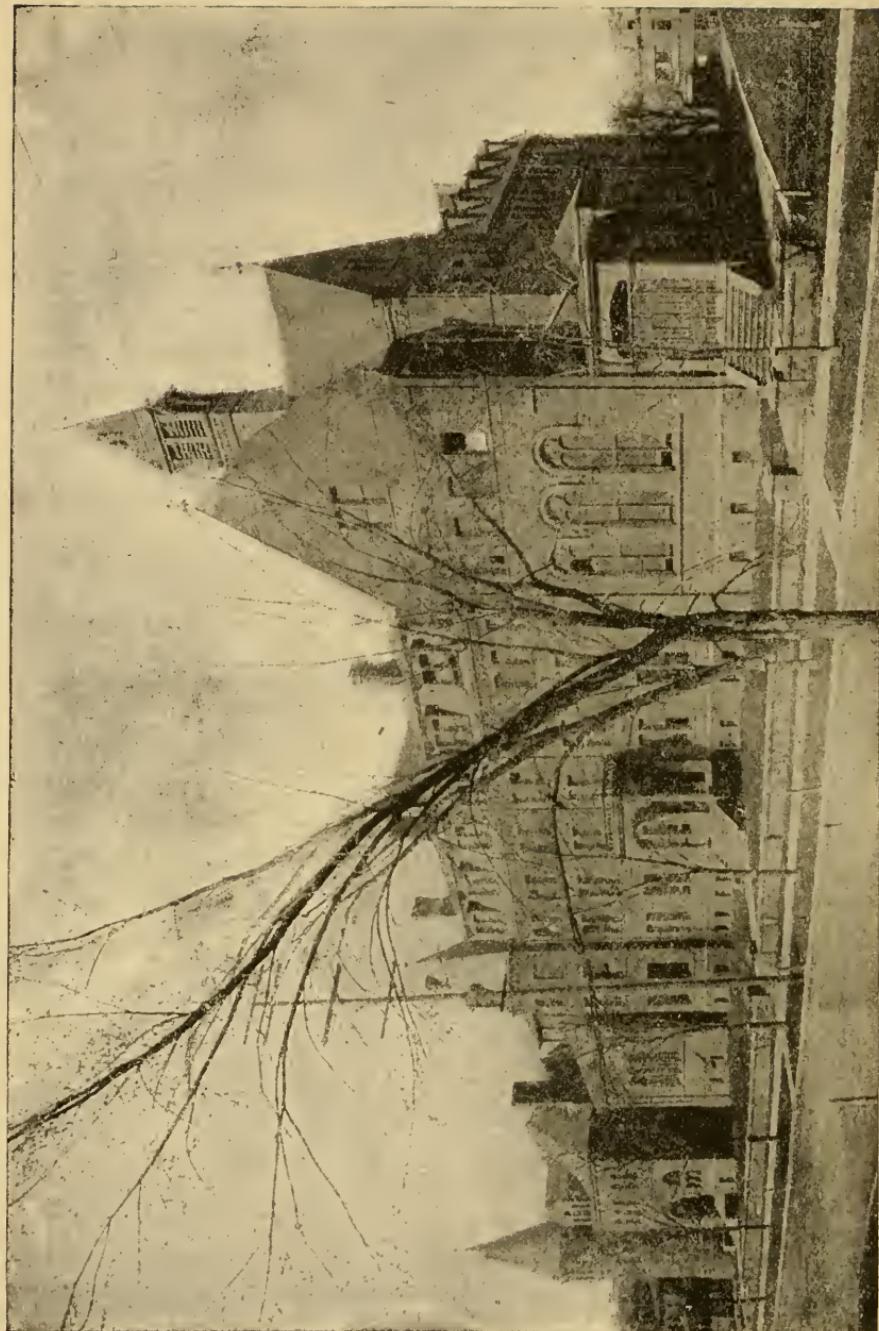

EXPENSES.—No charges are made for instruction, or for the use of Hammond Library. Furnished rooms are drawn in the treasurer's office on the first day of the fall term at 10 A. M. The following charges are made for the occupancy of rooms in the Seminary buildings: \$1.00 a week for rooms occupied by two students; \$1.25 for rooms alone. Good board can be had in the neighborhood of the Seminary for \$2.50 or \$3.00 a week.

FINANCIAL AID.—From the Congregational Education Society \$50 a year. Additional aid is given by merit scholarships, in value from \$75 to \$175, according to the grade of the men; also by loans up to \$75. A Fellowship, the income of \$10,000, is offered to each class.

THE SEMINARY aims (1) to develop a vigorous spiritual life as the only sound basis for scholarship and service, (2) to train in scientific methods of exegesis and historical research, (3) to discover the truth of God as revealed in the Scriptures, and the leading of his Spirit in history, and to apply that truth in the realms of thought and endeavor, so as to meet the present needs of the world and promote the spread of his Kingdom.

THE CURRICULUM is arranged in accordance with a system of Grouped Electives. It is thereby adjusted to the needs of students wishing either a balanced course, or one rather closely specialized. It is also fitted to University students prepared to acquire advanced standing.

THE MISSIONS COURSE, on the Lamson Foundation, provides opportunity for thorough Mission study.

THE SCHOOL OF RELIGIOUS PEDAGOGY affiliated with the Seminary supplies an invaluable supplement to the instruction in this department.

GRADUATE STUDY is strongly encouraged. The degrees of S. T. M. and PH. D. are given under carefully defined conditions. Two fellowships are offered, each for two years of foreign study.

The APPARATUS includes a rapidly increasing library of 83,000 volumes (excluding duplicates), museum, reading-room, gymnasium, music-room, etc.

TERMS OF ADMISSION.—Candidates for admission must be members of some Christian Church and graduates of some college. Those who are not college graduates may, after examination, be admitted *on probation* during the first term. All courses are open to women on the same terms as to men.

EXPENSES.—No charge is made for tuition, rooms, furniture, and bedding, except a nominal fee of \$25 for use of steam and for supervision. Board is provided under the care of the Students' Association, at about \$4.00 per week.

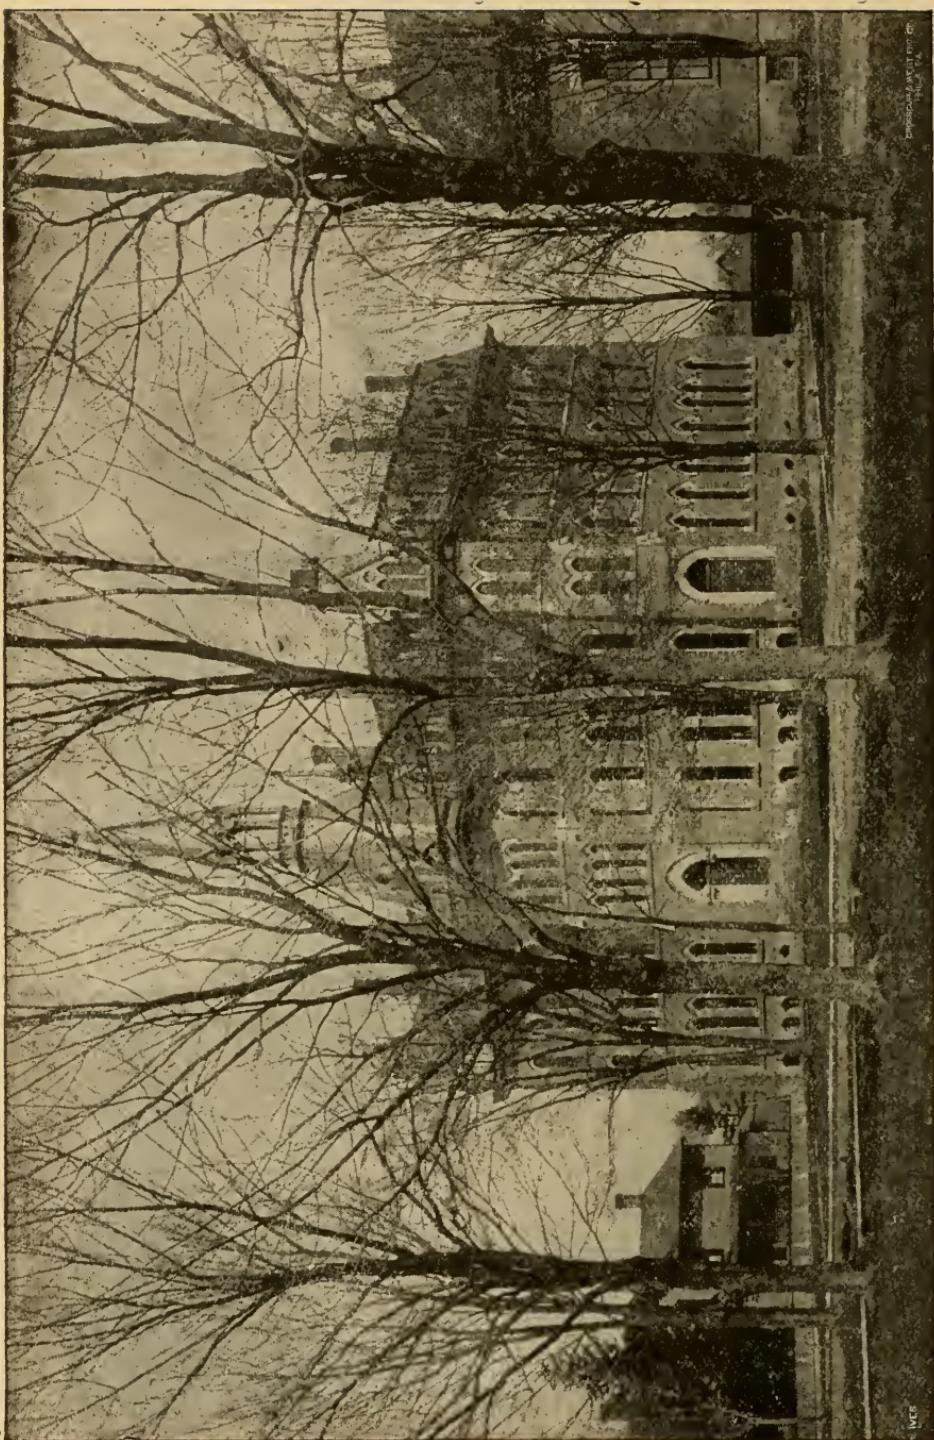

Scholarship aid is provided for those needing it, in addition to the grant from the Education Society.

CALENDAR.—The seventy-first year begins Sept. 23, 1904, and closes May 31, 1905.

The Seminary is open to students of all denominations. It has a full corps of professors of its own and offers its students all the work essential to a theological training. In addition students are admitted to the College classes without charge.

Applicants for admission must present college diplomas, or satisfy the faculty by examination or certificate that they have had the equivalent of a college course. Upon graduation, the Academic Degree of Bachelor of Divinity is conferred.

The minimum requirement for all candidates for a degree is 1,440 hours of lectures and recitations. The most essential courses of each department are required; this work amounts to 817 hours. Hebrew being elective, the required amount of work in the Old Testament department may be done either in Hebrew Exegesis or in Introduction and Biblical Theology. In addition to the required work, a large number of elective courses is offered, aggregating 1,538 hours, from which each student elects at least 623 hours. These courses cover a large range of more advanced work in the several departments.

There are in the ministry many who have not received adequate training for it and who soon discover their need of theological study. The reasonable requirements for admission to the regular courses of theology place such training beyond the reach of many men of this class. In the interest of a better educated ministry the Seminary offers its advantages to a limited number of ordained ministers who have already held a pastorate, and who wish to enter upon theological studies for not less than a full year. They may enter such courses as they are prepared to pursue with profit, and will be given certificates for all work completed.

SLAVIC DEPARTMENT.—The object of this department is to train up pastors for the Slavic immigrants to this country. Thorough instruction is given in the Bohemian language. The course of study varies to suit the needs of individuals, and culminates in the regular theological course.

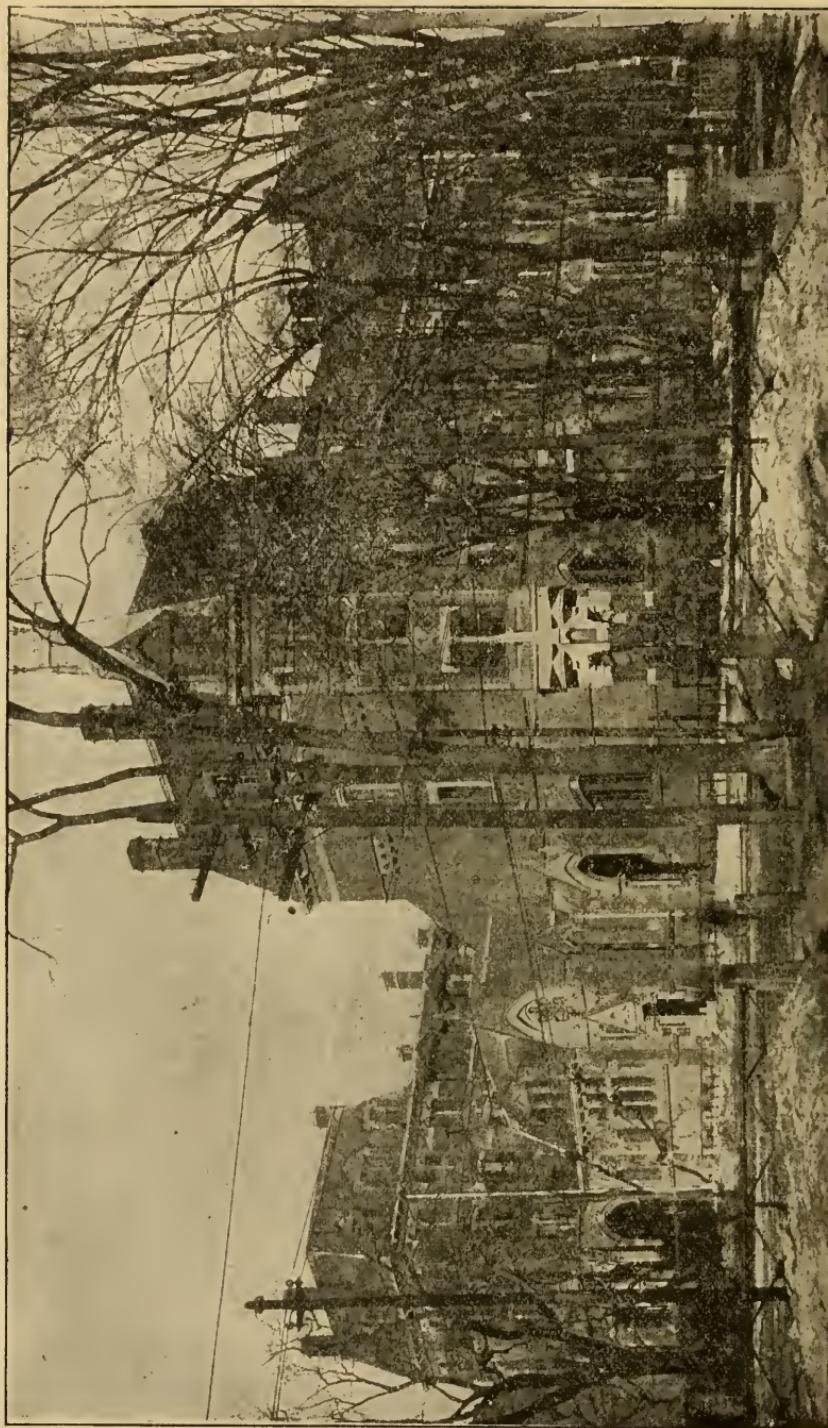

SPEAR LIBRARY contains about 70,000 volumes.

EXPENSES.—Council Hall, the Seminary building, has fully furnished rooms with hot water heat for fifty students. Those rooming here pay a moderate incidental fee, varying according to location of room. Other students pay a fee of \$6. Aside from this fee there is no charge made by the Seminary. The price of board in Oberlin is from \$2.00 to \$3.00 a week. Other expenses are correspondingly low.

PECUNIARY AID is granted to those who need it, from the Congregational Education Society, and from Seminary scholarship funds. The amount ordinarily received from the Education Society has not been less than \$50. The Seminary funds are awarded for excellence in scholarship in the form of merit scholarships varying in amount from \$50 to \$100 each year. There is also a loan fund. There has generally been abundant opportunity for work in Home Missionary fields and elsewhere during the summer vacation of four months, and occasional preaching for remuneration is possible during term time.

The year of study consists of thirty-two weeks in two semesters. The next year begins Wednesday, Sept. 21, 1904. For further information address PROF. EDWARD I. BOSWORTH.

RELATION TO THE UNIVERSITY. — The Divinity School is one of the co-ordinate Departments of Yale University; its students enjoy all the general advantages of a university residence and receive from the Corporation, on completing their three-years course, the degree of B. D., and are enrolled among the alumni of the University.

COURSES OF STUDY. — The studies are of two classes, prescribed and elective. The prescribed studies, given by the Faculty, cover about two thirds of the required work of the three years; the elective studies may be made up from Divinity courses or from courses given in the University. Students at the close of the second year of study have the option of continuing as candidates for the degree of B. D., or of becoming, by enrolment in the Graduate School, candidates for the degree of PH. D. (requiring two more years of resident study).

GRADUATE OR FOURTH-YEAR CLASS. — Students of approved scholarship who have completed a three-years course of theological study, here or elsewhere, are admitted to the Graduate Class, in which advanced studies in Theology are pursued under the direction of the Professors. Scholarship aid, to a limited amount, will, at the discretion of the Faculty, be given to men of superior scholarship. Members of this class may become candidates for the degree of M. A. or for that of PH. D., by enrolment in the Graduate Department of the University.

THE GRADUATE FELLOWSHIP, for the encouragement of further theological study in this country or abroad, the income of which is \$600 for two years after graduation, is offered to the class entering in September, 1904.

EXPENSES. — The charge for the care and heating of each room is, approximately, \$40 per annum. Board costs from \$3.00 to \$5.00 per week. The necessary expenses of a student for the school year of thirty-four weeks, exclusive of clothing and personal expenses, range from \$168 to \$245.

OPPORTUNITIES FOR SELF-HELP. — Scholarship aid is now considered not as a gift, but as a means of livelihood obtained by a definite amount of religious work, under competent supervision. The extensive scholarship funds of the school are used to create opportunities for employment in New Haven and vicinity, through which the students may receive training in pastoral work. The average amount of time spent is six hours per week, for which the remuneration is \$100. Further opportunities for self-help, if needed, may be obtained through the Director of Religious work. Prize scholarships of \$100 and \$50 are also offered to students of exceptional rank in scholarship.

TERM OF STUDY. — The next year will begin on Thursday, September 29, 1904.

APPLICATION FOR ADMISSION. — The conditions of admission are membership in some evangelical church, and a liberal education at some college or university. Catalogues and forms of application for admission may be obtained by addressing the Dean, Drawer 4, Yale Station, New Haven, Conn.

 JOHN FRYER, LL. D., Professor of Oriental Languages and Literatures, University of California.
 THOMAS RUTHERFORD BACON, B. A., B. D., Professor of Modern European History, University of California.

COURSES OF STUDY.

The main purpose is to train men for the practical ministry, especially the Congregational ministry. The usual courses in Exegetical, Historical, Systematic, and Practical Theology are provided. The prescribed courses, about one half of the whole, are arranged to cover the fundamental parts of all departments. For the rest the student, so far as prepared, is allowed to choose freely among electives covering all recognized branches. Seventy units of credit are the required minimum for graduation, a unit representing one class-room exercise a week for a half year. Hebrew is not required (Greek is) for the degree of B. D., but unusual facilities are furnished for acquiring it. The University of California has established an excellent course in modern charities.

FACILITIES.

THE SEMINARY has removed from Oakland to Berkeley, the seat of the University of California. It is thus enabled to avail itself freely of the advantages of this University, among the foremost in the United States, all of its courses being open to the Seminary students. The Library of the University, numbering about 80,000 volumes, and the special Theological Library of the Seminary (7,000 volumes), will afford large opportunities for special study. Preparation in the languages of China and Japan can be had in the Oriental Department of the University, or in medicine in the Medical School. The climate is remarkably even, constantly cool, stimulating, and favorable for study during the entire year, knowing nothing of debilitating spring changes, or prostrating summer heats.

TERMS OF ADMISSION.

THE SEMINARY is open to students of every Christian denomination, to women as well as to men. Senior standing in the University of California, or its strict equivalent, is required for admission to the Theological course, though students having attained standing equivalent to Junior standing in the University may be received as "Sub-Juniors," under the care of the Faculty, to complete their preparation for Theology in the University, having some biblical work in the Seminary. Special students may be received as in the University, to such studies as they are found qualified to pursue.

EXPENSES AND PECUNIARY AID.

INCIDENTAL EXPENSES amount to \$9.00 per half-year. Board may be had in the Students' Club at about \$3.00 per week. The Seminary and the Congregational Education Society (the help of the latter, however, being restricted to Congregational students) afford annual assistance; but in both cases upon condition of high scholarly work: the seminary aid is graduated upon merit basis from \$75 to \$175. There are a limited number of preaching stations in the neighborhood where students may have the opportunity of practical work and of earning a portion of their expenses.

THE NEXT YEAR BEGINS Aug. 23, 1904. Address the President.

* Deceased Jan. 17, 1904.

SECRETARIES SHOULD REPORT CHANGES BEFORE MARCH 1.

ANNUAL STATISTICS OF THE CHURCHES AND MINISTERS.

THE following pages contain the statistics as collected in 1903 by the statistical secretaries of the several State organizations, and compiled for this publication by the secretary of the National Council, under vote of the publishing committee. They are all of date Jan. 1, 1904, except that ministerial supply is, as far as possible, brought down to date.

The secretary, as heretofore, in no case presumes to insert or omit the name of church or minister on any authority but that of the State secretaries representing their own organizations, or of councils subsequent to the date of annual reports.

The contents of the statistics are as follows:—

1. The statistics of the churches and their ministers, by States.
2. Statistics of Sunday schools, independent and missionary.
3. List of Congregational ministers in foreign lands.
4. The National, State, and local organizations of the churches, with officers, and dates of next sessions in 1904-1905.
5. General summary tables for the year.
6. Tables of summaries, 1858-1903.
7. Tables basé upon the statistics.
8. Alphabetical list of ministers, with P. O. address, and indexed to pages.
9. Alphabetical list of licentiates.
10. List of ministers of other denominations supplying Congregational churches.

RULES OF COMPILATION.

1. To arrange in alphabetical order everything capable of it; except that the churches in any one town or city arranged, as they should be, under the name of that town or city, are placed according to age.

2. To make *new tables* each year. "Last year's report" (if known to be such) is always omitted. But, while old reports are not to be inserted in the table, the aggregate of such last reports from churches failing to report, in the items of church and Sunday-school membership, are included in the summaries. Justice to the churches which do report requires this, as their real progress may be apparently diminished or reversed, by lack of the figures from their less faithful neighbors. The special attention of State secretaries is called to this point, as it has often been disregarded. The list of churches of this year is compared, name by name, with that of last year, and all variations which change the place of the church on the list are specifically mentioned with the State summary, so that each church can be traced from year to year.

3. To examine carefully all the tables, with a view to *correction or addition* by correspondence, especially to correct "pastoral supply" to the latest moment. Proof sheets have been sent to secretaries and some home-missionary superintendents who could be reached in season. But no such changes have been allowed to affect the summaries.

4. The prime name in a table line is always supposed to be the name of the *place*, town or city, in which the church is located, as determined by the place of the meeting-house. This is also the name of its post-office, unless followed in line or margin by a name in **heavy-faced** type. In such cases the latter is the post-office, and **THIS EMPHATIC TYPE IN LINE OR MARGIN, IS USED EXCLUSIVELY FOR NAMES OF POST-OFFICES.** If this postal word is an adjective, it goes with the preceding name, e. g., "Newton West"; if itself a name, it supersedes the other, as "Newton, Auburndale." Postal designations are not repeated on the second page, and special church names are sometimes given in the second page line, for which there was

not room in the first. In general, the two pages, being invariably opposite, are treated as one, and marginal references on the second page are made to foot-notes on the first, without repetition when they occur there.

MINOR EXPLANATIONS.

1. Any church given in brackets is one organized since January 1st; not included in the summary, but inserted for information. A few churches temporarily not associated are inserted by their own wish. A star (*) denotes churches not associated.

2. Pastors installed or recognized by council are marked "p. c."; pastors duly called by their churches and recognized by some "definite act of the church," but not by council, are marked "p." others in service are not marked, but in tabular summaries are counted as "supplies." Blanks in the column of pastoral supply, meaning no regularly engaged minister, are left blank for the convenience of those who note pastoral changes.

3. The tables are *not a postal guide to the addresses of ministers*, and any person so using them runs his own risk of error. The General Alphabetical List of Ministers gives their post-offices. Special attention is called to this fact, which is often overlooked.

4. The two columns following the names of ministers in the tables of churches denote (1) the year of ordination, (2) the year when the minister was installed, or commenced service with that church.

5. A star (*) in the General Alphabetical List of Ministers denotes that the person so designated appears in the tables, reported by some church, as its minister, but is not reported to be a member of *any* association or conference of ministers or churches in the United States; or that he is found supplying some church, or did so as pastor by council last year and may be presumed to be *in transitu*, though his name is not in the State alphabetical list.

6. Licentiates are not reckoned as ministers. Churches supplied by such are so considered and not included in list of vacant churches. When churches are supplied by ministers of other denominations it is so stated, and they appear under the head Supplies. Churches actually vacant are found in column marked "vacant." The names of licentiates and ministers of other denominations will be found, not in the Alphabetical List of Ministers of Congregational Churches, but in lists following the regular list of Congregational ministers. The General Alphabetical List includes *only* Congregational ministers.

7. The names of some Congregational ministers are missing; but it is solely because they are not reported by any organization of churches or ministers.

8. Under "Church Members," "Absent" are included in "Males," "Females," and "Total." Under the head of "Removed," "Died," "Letter," and "Discipline" are represented by the abbreviations. It should be borne in mind that in the tables, Discipline includes Roll-revision. In the General Summaries the term Revision is used, and includes Discipline.

9. Blanks in any column of figures are such as were so left in the State Minutes. They ought always to signify "no report," but some States do not follow the proper rule of inserting a cipher where "none" is meant, and the examiner must conjecture, in any given case, whether "none" or "no report" is intended. In our General Summaries, a blank invariably signifies "no report."

Students of this table should remember that 1887 was a transition year. The reports from different States covered various periods from one to two years, so bringing them down to the common date, Jan. 1, as ordered by the Council. For all New England, except Maine, two years are included, and the average for the whole country is 20 months. Hence the totals reported need to be reduced by two fifths for just comparison with other years. This would make the gain of members, 12,723; in Sunday schools, 17,822; and infant baptisms, 7,176.

GAINS AND LOSSES BY GROUPS.

The following comparisons between the figures of 1902 and 1903 will explain themselves. Attention is called to the groupings of States, after a natural method of division. Figures in brackets indicate the number of States.

† About.

LIST OF CONGREGATIONAL MINISTERS IN THE UNITED STATES.

REPORTED BY THE SEVERAL STATE ORGANIZATIONS.

The following is a compilation of the alphabetical lists furnished by the State Associations and Conferences, corrected by correspondence with their secretaries to the latest possible date. The secretary of the Council in no case presumes to insert or omit a name upon his own responsibility. The State organizations (or later councils) are alone responsible; but the secretary has used his utmost endeavors to obtain a complete and correct list. If any names are omitted, it is because they are not reported by any organization in any State, or a conflict of reports leaves the editor in doubt of the facts.

The figures refer to pages where the name will be found in the tables, in the Vital Statistics, in the service of the Benevolent Societies, of the Theological Seminaries, in the list of foreign missionaries. In some cases the page is left as in tables, when the post-office is changed since the tables were put to press.

Names starred (*) are of persons who, although mentioned (usually as supplying churches), are not reported as members of any organization of Congregational churches or ministers. A few names are also retained with a * of those who were in active service last year, and may be presumed to be *in transitu*. Such names are not continued a second year, without specific report.

Some post-office addresses are antiquated, but the best possible has been done.

Licentiates are not included in this list, but a list of licentiates follows this, and a list of ministers of other denominations, including also names of those whose position is not reported.

Names of persons in last year's list, deceased since the issue of 1903, are retained, and are indexed to the pages of the "Vital Statistics" when found there.

Some errors will be found in first names, initials, and spelling. No pains have been spared to secure accuracy; but, effort failing, the compiler has not ventured to follow even his own convictions, against the unmistakable testimony of the reports.

Names of ministers without pastoral charge, as they do not occur in the preceding tables, have no numeral page reference, and in place of it the year of ordination is given.

Names of persons employed in instruction in schools and colleges are indicated by *pr.*, president or principal, and *pf.*, professor.

LIST OF LICENTIATES REPORTED.

THIS list contains the names of those apparently *reported as under care*, with references to the pages where any such are mentioned as supplying churches. It includes also some names starred (*), which denotes that these persons, while reported as supplying churches, are not reported to be approved by, or under the care of, any Congregational organization.

Further. 1. This list does not agree with the number given in State Minutes, because all ordained since the lists were reported are here dropped. 2. The post-office addresses are often delusive, the place being that of temporary service only. 3. Names followed by State only are of persons approved in the State mentioned, no residence being reported. 4. The list is incomplete, because some States make no full report of licentiates. 5. The contracted name of a State in brackets means that the name was reported by that State, although the person may reside elsewhere.

The Congregational Library.

AN APPEAL.

Strange to say, this is not an appeal for money (though that is always welcome), but for something usually easier to furnish ; namely, the materials existing in printed or written form in each of our five thousand churches, copies or transcripts of which should be on view at this main centre of Congregationalism.

What was well begun should be well carried on. In 1853, through the wise foresight of Dr Dexter, Secretary Anderson, and other leaders, the Congregational Library Association was founded, to preserve whatever might serve to illustrate the religious history and literature of New England. With great labor and cost, the library has been making constant accumulations on the side of its work devoted to the past.

But the present and the future are swiftly flowing by us into history. The point at which every church, *and particularly every church clerk*, can help the library is indicated above. In some other denominations a fiat might go forth which would bring this material regularly to the central office with the certainty of fate. Our way of liberty is vastly better on the whole ; and we ought to take pride in showing that it is equally satisfactory in its results.

It will be asked at once, What is desired here? We answer : Everything that mirrors the life of your church ; for instance : —

1. CHURCH MANUALS.— Even when these do not contain the history of the church, they are important in many ways. “Do you want church manuals?” a prominent minister lately asked us in surprise. Let it suffice to reply that we have been at pains already to collect about two thousand of these, and we have room for thousands more.

2. CHURCH ANNUALS.— Whether called Year-Books, or anything else, they are exactly what we wish, in order to register the progress (or otherwise !) of our churches, so far as statistics and incidents can set it forth. *Send two copies of each book or historical pamphlet.*

3. CHURCH PERIODICALS.— Many churches that do not publish a Year-Book bring out, either weekly or at other stated times, a publication which represents the church, and forms a bond of union among its varied interests. *Please let us have all such matter here.*
